Ridge Next Chapters pre-employment programme

RIDGE

BUILT
ENVIRONMENT
CONSULTANCY

STOCKPORT
METROPOLITAN BOROUGH COUNCIL

aimed at 10 local Stockport residents who were distanced from the labour market overcoming barriers to employment and building a personal and professional profile.

(also local venue and lunch provided from one of our local community groups)

Outcome: Wider Social and Economic benefit

- majority have had the confidence to apply for jobs and secured interviews.
- 2 have been successful in getting a job,
- confidence building
- Whatsapp group – making new friends!
- Integration – one candidate is now a part of the community group who provided lunch!

"Gave me good interview skills and techniques I can implement"

I can get a new job and have a lot to offer

"I can't singularly point out one thing. The course as a whole was very good and well set up. "

Ambitious Stockport, creating opportunities *for everyone*

Pure Innovations x Be One Mindset

We really enjoyed working with Pure Innovations on this project. The service was excellent from start to finish and we will definitely be using them again for future printing needs. We think the work that Pure Innovations do is so valuable and we would definitely want to work with them again.

The quality of the hoodies and T-shirts is exceptional we are very happy with the work

Pure Innovations matched with Be One Mindset's ask for branded T shirts and hoodies to wear at their upcoming Mindset talks.

This will allow BeOne Mindset to have their logo and name visible at the events and helping them to extend their reach and benefit more people.

They have arranged talks at some local organisations to present their mindset tools and techniques.

The new branded clothing makes the team stand out, builds brand awareness and increases visibility – they look great too!

Testimonials

See real testimonials, star-ratings and comments from our users. There's even a supplier leaderboard for the competitive ones amongst us! Plus - the Match My Project team regularly post on LinkedIn about our matches!

'Match My Project is such a fabulous way to connect businesses who care with uplifting projects in the local community.'
Self Care Creatives CIC

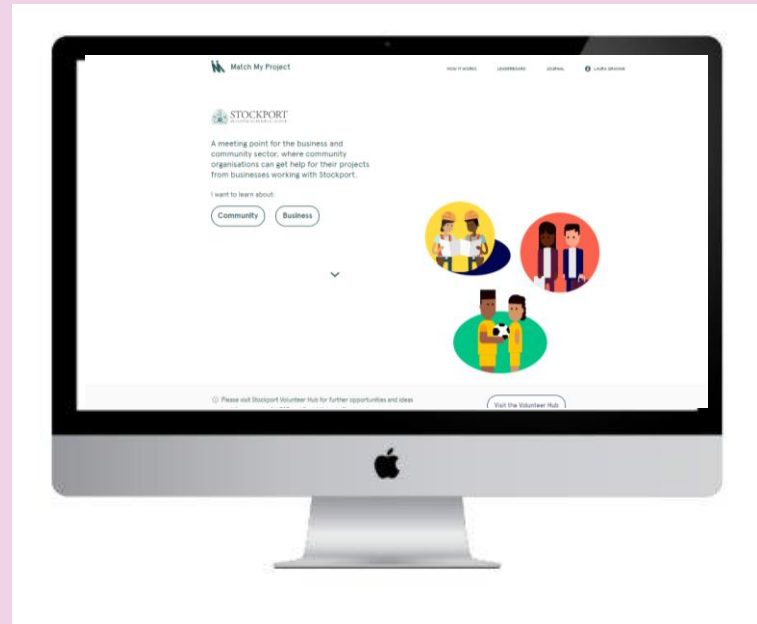

'Speedy time scales and a joy to be matched with!' – John Lewis

'We are really looking forward to working with Brinnington SEND on this project. Debbie spoke passionately about the aims and aspirations of her organisation. I'm confident that this project not only fills a critical gap in support provision for SEND children in Stockport, but will also bring a lot of joy and happiness'
PossAbilities

'The men who did the project were a pleasure to be with ,they did a really first class job two of them stayed over night to finish off the project so that it would be ready for the kids gardening club' – Webb Lane Allotment

'The Webb Lane Allotment community are a pleasure to work with, and we look forward to assisting them more in the future, to help them expand their offerings and engagement with the local and wider community and groups.' – Eurovia
